DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 51 and 56 are rejected under 35 U.S.C. 102(b) as being anticipated by Anderson (US 2,659,796).

Anderson discloses a welding torch having a head and a thermal storage member (25) *being able* to store heat transfer, since it is made of copper *and able to* release heat stored back to the welding torch for heat dissipation during an off state of the duty cycle. Furthermore, Anderson discloses a heat dam (24) made of copper *able* to store heat.

Allowable Subject Matter

3. Claims 1-9, 33, 37-39, 42-43, 45-50 are allowed.
4. Claims 52-55 and 57-58 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response to Arguments

5. Applicant's arguments with respect to claims 1-9, 33, 37-39, 42-43, and 45-50 have been considered and are allowable over the prior arts of record. However, new claims 51 and 56 are rejected as above as the copper is capable of storing and releasing heat.

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
